INSTRUCTIONS

1. This settlement proposal should be submitted to the contracting officer, if you are a prime contractor, or to your customer, if you are a subcontractor. The term contract as used hereinafter includes a subcontract or a purchase order.

2. Proposals that would normally be included in a single settlement proposal, such as those based on a series of separate orders for the same item under one contract should be consolidated wherever possible, and must not be divided in such a way as to bring them below \$10,000.

3. You should review any aspects of your contract relating to termination and consult your customer or contracting officer for further information. Government regulations pertaining to the basis for determining a fair and reasonable termination settlement are contained in Part 49 of the Federal Acquisition Regulation. Your proposal for fair compensation should be prepared on the basis of the costs shown by your accounting records. Where your costs are not so shown, you may use any reasonable basis for estimating your costs which will provide for fair compensation for the preparations made and work done for the terminated portion of the contract, including a reasonable profit on such preparation and work.

4. Generally your settlement proposal may include under Items 2, 3, and 4, the following:

a. COSTS - Costs incurred which are rea-

sonably necessary and are properly allocable to the terminated portion of your contract under recognized commercial accounting practices, including direct and indirect manufacturing, selling and distribution, administrative, and other costs and expenses incurred.

b. SETTLEMENT WITH SUBCONTRACTORS - Reasonable settlements of proposals of subcontractors allocable to the terminated portion of the subcontract. Copies of such settlements will be attached hereto.

c. SETTLEMENT EXPENSES - Reasonable costs of protecting and preserving termination inventory in your possession and preparing your proposal.

d. PROFIT - A reasonable profit with respect to the preparations you have made and work you have actually done for the terminated portion of your contract. No profit should be included for work which has not been done, nor shall profit be included for settlement expenses, or for settlement with subcontractors.

5. If you use this form, your total charges being proposed (line 5), must be less than \$10,000. The Government has the right to examine your books and records relative to this proposal, and if you are a subcontractor your customer must be satisfied with your proposal.
